Planting the Garden (1)

[print_link]

We started planting the garden with transplants including Peppers (Red Bell, Green Bell, Jalapeño, Hot Hungarian Wax, and Sweet Banana), Tomatoes (Juliet Grape, German Johnson, Yellow, several big red tomatoes like Beefmaster, Big Beef, etc.), Herbs (Rosemary, Basil, Oregano, Thyme, Chives and Sage). Then we planted some Cucurbit seeds starting with Slicing Cucumbers (Stonewall, Marketmore, and Talledega), Picking Cucumbers (Excelsior and Jackson Classic), Seeded Watermelon Sangria and Seedless Watermelon Gypsy, Squash Grey Zucchini and Squash Yellow Early Prolific Straightneck and Cantaloupe (Halona, Athena).

Planting the Garden!
